Q-cup - greaseproof Swedish paper

The top of the line for technical performances

- ☛ Swedish greaseproof paper is more rigid than "glassine paper"; the cup keeps its shape even when sitting in the refrigerated case.
- ☛ Cups are made of grease-resistant Swedish paper, which will not wilt, stain or draw butterfat from pastries, chocolate etc.
- ☛ Stock items are in white paper printed with "1000 lines" stock design, as shown in the pictures.
- ☛ Stock colors: Gold, Brown, Burgundy; additional available stock colors Green, Red, Blue and Pink
